LASER REJUVENATION

(starting at)	
by Dr. Ken Petri, M.D.	
Sciton Micro Laser Peel	\$300
Ideal for light resurfacing and acne scars	
Sciton Skin Tightening Laser Treatment	\$300
Improves skin laxity	
Sciton Pro Fractional Laser Treatment	\$900
Consultation is required for all Sciton Laser Peels	

Sciton Profractional laser uses energy to create thousands of microscopic channels in the skin, which are surrounded by areas of healthy, untreated skin. The zones of untreated skin invigorate the body's natural healing process, and the treated areas stimulate production of new collagen, plumping up the skin and smoothing out wrinkles, lines, scars and other irregularities. And, because only a fraction of the skin is directly treated with the laser, healing time is quick and recovery is short.
